Days of Sadat
(Egypt, 2001, Arabic with English Subtitles)
Directed by the Mohamed Khan (160 min)

This epic film is based on Sadat’s autobiography “In Search for an Identity” and his wife’s Jihane el-Sadat’s “A Woman of Egypt”. The president is played by Ahmed Zaki, which covers his humble beginning, to his eventual position as the president of Egypt, the Camp-David peace treaty, for which he was awarded the Noble prize, and then his assassination in 1981.
