

WELCOME TO TIERRA MIGUEL FOUNDATION'S COMMUNITY SUPPORTED AGRICULTURE PROGRAM (CSA)

You have joined a very special group of people who recognize the importance of supporting the Earth as it supports us all for food and sustenance. Yes, you will be receiving TM Farm's nutritious organic produce, but your participation in our CSA means much more!

- ❖ Every dollar received is spent directly on our not-for-profit Farm and Foundation activities, maintaining our educational programs, and efforts to encourage sustainable agriculture. (Each dollar is a commitment towards the Earth's future!) You may also donate to support the Foundation and Farm beyond your CSA commitment just by calling the office at (760)742-1151.
- ❖ You are a messenger who expands our "Earth's Circle" by telling your friends and neighbors about the CSA and coming to visit us on Volunteer Days, the first Saturday of each month (no charge, of course.)
- ❖ As a participant, you receive a newsletter, *News from the Farm*, with calendared events, information about what's growing and who's helping, programs, recipes and tips for better living.
- ❖ A full year's schedule of expected veggies and fruits is yours for referral and planning.
- ❖ You can exchange with other CSA members on our Tierra Miguel Yahoo Group site—recipes, ideas, community activities and more. (www.yahoo.com-select-Groups - select Tierra Miguel.) Our website is also available for general information (www.tierramiguel.org.)
- ❖ You can attend organic/biodynamic gardening classes and other CSA invitational programs throughout the year that are available to you and your family.
- ❖ Special events and presentations may be planned with notice. School visits for our *Farmer for A Day* program are invited.
- ❖ You have several options when on vacation including donating your box to specified non-profit organizations (and receiving a tax deduction.)
- ❖ Special orders of available items may be arranged with sufficient notice.
- ❖ Rest assured that TMF commits to making every effort to meet your expectations, providing the finest quality, freshest and most nutritious produce possible at a reasonable and comparable cost to you.

We thank you for joining with us in this important undertaking!
